

"STUDENTS WORKING FOR THE STUDENTS"

Student Government Association (SGA)

The Student Government Association (SGA) is the student voice in the academic, cultural, and social affairs of the college. It depends heavily on energetic and interested representatives elected annually from the student body.

The Student Government Association affects all levels of student participation at the college. There are 19 elected members to SGA, including four officers.

In addition to conveying student recommendations and sentiments to the faculty, staff, and administration, the Student Government Association is responsible for recommending the allocating of student activity fees, shaping policies affecting student life, coordi-

nating extracurricular activities, and chartering new clubs and organizations.

The Student Government Association selects students to establish standing committees of the Faculty Council. These committees generally involved with the development of policies that affect the students and their relationship to the faculty.

To find out more about SGA committees and how one can get involved, visit the SGA offices located in room S-215.

To find out about SGA elections and if one is eligible to run, visit the Office of Student Activities and pick up a Student Elections Handbook.

Mission Statement

The Student Government (SGA) is the voice of every student at BMCC and is devoted to advocate for those issues that will enhance the educational, social, and career development of BMCC students.

SGA is committed to be a source of information, guidance and service to students. The Student Government Association is open and receptive to the individual, ethnic and cultural interests of BMCC's students. SGA affects all levels of student participation at the college. There are 19 elected members to SGA, which are elected annually from the student body.

Student Clubs

In addition to conveying student attitudes and sentiments to the faculty, staff, and administration; the Student Government Association is responsible for recommending the allocation of student activity fees, shaping policies affecting student life, coordinating extracurricular activities, and chartering new clubs and organizations.

Student clubs and organizations are a fun and vital part of the BMCC experience. They are chartered to serve the diverse needs and interests of our students. They are avenues for forming friendships, cultural expression, skill development or aiding you in your future career.
